

Department of Physics
Lectures in Physical Society

S.NO.	LECTURE TOPIC	DATE & TIME	REMARK
1	Thermo luminescence on polymers and its application	03 March 2012 at 3.30 PM	Dr. P.D. Sahare-Prof. and Head department of Physics and Astronomy, Delhi University Delhi.
2	Higg's Boson God particle	21 Sept. 2012 at 3.30 PM	Dr. R.S. Raghuvanshi- Ex. Senior scientist of Physics group, Atomic Mineral division BARC, Trombay, Mumbai.
3	Organic light emitting diode	17 April 2013 at 3.00 PM	Dr. B.P. Chandra- EX Vice chancellor, Pt. Ravisankar University, Raipur CG
4	Novel Synthesis and characterization of new materials for eco friendly LED lightening	10 Oct. 2015 at 3.00 PM	Dr. Sanjay Dhoble- Prof. of Physics R.T.M. University, Nagpur.
5	Possibilities in the field of Astrophysics	13 Feb. 2016 at 3.30 PM	Mr. Abhay Pratap singh – Research scholar of University of Goettingen, Germany (Ex. Student from Department of Physics of the College)
